## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-29 are rejected under 35 U.S.C. 102(a) as being anticipated by Zeh et al., or under 35 U.S.C. 102(b) as being anticipated by Robinson et al., Chen et al. or Schaper et al., or alternatively, claims 1-29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Zeh et al., Robinson et al, Chen et al. or Schaper et al., for reasons cited in the first Office action.

### ***Response to Arguments***

3. Applicant's arguments filed 03/24/2005 have been fully considered but they are not persuasive.

4. It appears that applicant is reading limitations into the claims, that are not actually being claimed. The present claims only require a water-soluble copolymer composition comprising a copolymer of formula of I. While the claims recite that the water-soluble

copolymer is prepared using a particular emulsification surfactant, the surfactant itself is never claimed as a required component of the claimed composition.

What is actually being claimed, a water-soluble copolymer composition comprising a copolymer consistent with formula I (regardless of how the sole required component of the claimed composition is actually made), is taught in each of the cited references.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
